

My View

Reporting is truly the lifeblood of any municipal organization. It allows you to identify weak spots and opportunities, as well as helping you secure additional resources by demonstrating your effective oversight of your department. Comcate's stock reporting tools are designed to help you perfect strategic planning and operations, and virtually any custom report can be designed for convenient access to the information you require.

Reporting for Efficiency at Every Level: Operational vs. Analytical Reporting

Accurate reporting is a valuable part of a highly-efficient public agency department. You use reporting to measure how well you're using resources and to identify areas of opportunity, both at the strategic and day-to-day levels. Understanding the differences between operational and analytical reporting helps your staff and managers utilize each type of reporting more effectively.
